

HARVARD MEDICAL SCHOOL

Blackburn Course in Obesity Medicine

TREATING OBESITY 2018

June 14-16, 2018 Boston, MA

Education, Tools, and Strategies to Optimize Your Patient Outcomes

This program has sold out for the past four years, and is among the highest-rated Harvard Medical School CME courses. Early registration for the 2018 program is strongly advised.

Now offering ABIM MOC Points and Patient Safety Credits

June 13, 2018 Obesity Medicine Board Review

Given in conjunction with Treating Obesity 2018, this one-day course provides comprehensive preparation for the American Board of Obesity Medicine (ABOM) certification exam. Together, the two courses fully satisfy the 30-hour live Group One CME requirement to qualify for ABOM certification.

Earn up to 34.75 AMA PRA Category 1 Credits™
34.75 ABIM MOC points

Education for PHYSICIANS, NPs, PAs, NURSES, PHARMACISTS, DIETITIANS, MENTAL HEALTH PROFESSIONALS

Director, Center for Weight and Eating Disorders
Albert J. Stunkard Professor of Psychology
Perelman School of Medicine
University of Pennsylvania

Wayne L. Westcott, PhD
Director of Exercise Science
Quincy College

Michele Yuen, MBBS
Director of Weight and Wellness Centre
Gleneagles Hong Kong Hospital
Honorary Clinical Assistant Professor
The University of Hong Kong

¹Diplomate ABOM

Course Overview

For over 30 years, the goal of this course has been to provide healthcare professionals in diverse disciplines with the latest evidence-based tools and knowledge needed to optimize the care of patients with obesity. There remains a large gap between clinical need and current practice in the treatment of obesity and its associated disorders. Despite the undisputed recognition of the magnitude and severity of obesity, fewer than 5% of patients with obesity undergo clinical evaluation for this disorder in the primary care setting. The primary reasons for this gap include inadequate provider knowledge about obesity, misunderstanding of the causes, consequences, and effective treatments of obesity, and limited options for additional education. Without adequate knowledge and skills, it is not possible to address these problems in an effective manner.

In *Treating Obesity 2018*, attendees will hear authorities in medicine, surgery, pediatrics, nutrition, endocrinology, gastroenterology and psychology from the country's leading obesity treatment and research centers speak on critical topics in the prevention and treatment of obesity and related disorders. The program will include didactic lectures, panel discussions, case-based interactive workshops, interactive case review using an audience response system, and patient panel discussions. The course is designed to improve the participants' ability to care for patients with obesity. In addition, we offer a board review for participants preparing for the American Board of Obesity Medicine board examination in Obesity Medicine.

Learning Objectives

Upon completion of this activity, participants will be able to:

- Improve clinical approaches to the patient with obesity
- Identify, evaluate, and manage high-risk patient populations
- Assess patients for their need and appropriateness for lifestyle-based therapies for obesity, including dietary manipulation, optimizing physical activity, stress reduction, improved sleep health, and circadian rhythm preservation
- Apply effective patient counseling and behavior modification techniques, and support for productive lifestyle change
- Determine the mechanism of action and most effective use of current and emerging pharmacological and medical device-based treatments of obesity
- Assess patients for their need and appropriateness for bariatric surgery, help guide them to appropriate surgical options, and effectively manage their post-operative care
- Incorporate strategies for the prevention and treatment of obesity in pediatric populations
- Apply a greater understanding of the pathophysiology of obesity and its metabolic consequences to improve the care of patients with these disorders
- Address patients with obesity with a greater sensitivity and understanding of the causes, challenges, frustrations and opportunities for their effective treatment

Those participants enrolled in the board review portion of the course will be able to:

- Consolidate knowledge of basic and clinical information within Obesity Medicine in order to comprehensively diagnose and treat patients
- Optimize their opportunity to pass the American Board of Obesity Medicine (ABOM) examination

Education to optimize your care of adult, adolescent, and pediatric patients with obesity

Who Attends

Healthcare professionals with an interest in the latest approaches to the prevention and treatment of obesity and its complications, including:

- Physicians
- Nurse Practitioners
- Physician Assistants
- Nurses
- Pharmacists
- Dietitians
- Mental Health Professionals

DISCLAIMER: CME activities accredited by Harvard Medical School are offered solely for educational purposes and do not constitute any form of certification of competency. Practitioners should always consult additional sources of information and exercise their best professional judgment before making clinical decisions of any kind.

Program changes/substitutions may be made without notice. To view the most up-to-date version of the course program, please see the course website.

Obesity Medicine Board Review

Wednesday, June 13

This board review provides comprehensive preparation for the American Board of Obesity Medicine (ABOM) certification exam.

Participation in both TREATING OBESITY 2018 and the Obesity Medicine Board Review fully satisfies the 30-hour live Group One CME requirement to qualify for ABOM certification.

6:30–7:30 **Registration and Breakfast**

Board Review Session 1 (Moderator: Ania M. Jastreboff, MD, PhD)

7:30–7:45 **Welcome and Introduction** Lee M. Kaplan, MD, PhD
7:45–8:25 **Pathophysiology 1: Pathophysiology of Obesity** Nadia N. Ahmad, MD, MPH
8:25–9:00 **Nutrition Assessment and Therapy** W. Scott Butsch, MD, MS
9:00–9:35 **Cardiorespiratory Fitness and Exercise** Sriram Machineni, MD
9:35–10:05 Coffee break (refreshments provided)

Board Review Session 2 (Moderator: W. Scott Butsch, MD, MS)

10:05–10:40 **Pathophysiology 2: Neural Control of Energy Balance** Nadia N. Ahmad, MD, MPH
10:40–11:15 **Pediatrics 1: Patient Assessment** Gitanjali Srivastava, MD
11:15–11:50 **Pediatrics 2: Patient Management** Gitanjali Srivastava, MD
11:50–12:05 **Lightning Round** Course Faculty
12:05–1:00 Break for lunch*

Board Review Session 3 (Moderator: Gitanjali Srivastava, MD)

1:00–1:35 **Pathophysiology 3: Environmental Modulators of Energy Balance**
Nadia N. Ahmad, MD, MPH
1:35–2:10 **Bariatric Surgery** W. Scott Butsch, MD, MS
2:10–2:45 **Pharmacotherapy** Sriram Machineni, MD
2:45–3:20 **Behavioral Assessment and Therapy** Mark J. Gorman, PhD
3:20–3:50 Coffee break (refreshments provided)

Board Review Session 4 (Moderator: Ania M. Jastreboff, MD, PhD)

3:50–4:25 **Genetic and Syndromic Obesity** Gitanjali Srivastava, MD
4:25–5:10 **Obesity Comorbidities** Paul M. Copeland, MD, MPhil
5:10–5:40 **Lightning Round** Course Faculty
5:40–6:00 **Closing Remarks** Lee M. Kaplan, MD, PhD

EVENING PROGRAM

6:30–8:00 **Public Forum** Course Faculty

Accreditation

ACCREDITATION COUNCIL FOR CONTINUING MEDICAL EDUCATION

Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Harvard Medical School designates this live activity for a maximum of *34.75 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

- Treating Obesity 2018 (June 14-16): 26.25 *AMA PRA Category 1 Credits™*
- Board Review (June 13): 8.50 *AMA PRA Category 1 Credits™*

MOC STATEMENT

Successful completion of this CME activity enables the participant to earn up to 34.75 MOC points and 7.75 patient safety credits in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC points.

RISK MANAGEMENT

This activity meets the criteria of Massachusetts Board of Registration in Medicine for 7.75 credits of Risk Management Study. Please check your individual state licensing board requirements before claiming these credits.

DIETITIANS

The Commission on Dietetic Registration of the Academy of Nutrition and Dietetics has approved this educational activity for 34.50 CPEUs.

CANADIAN ACCREDITATION

The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

EUROPEAN ACCREDITATION

Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert *AMA PRA Category 1 Credit™* to an equivalent number of European CME Credits® (ECMECs®). Information on the process of converting *AMA PRA Category 1 Credits™* to ECMECs® can be found at: www.eaccme.eu.

HARVARD MEDICAL SCHOOL

Blackburn Course in Obesity Medicine

TREATING OBESITY 2018

June 14-16, 2018 Boston, MA

Optimized strategies, updates, tools, and best practices for:

- Comprehensive evaluation of the patient with obesity
- Medical and surgical management of the adult patient with obesity
- Effective counseling and motivation techniques
- Precision medicine for obesity and metabolic disorders
- Optimizing medical outcomes after bariatric surgery
- Treating children/adolescents: new medical and surgical options
- Emerging therapies for genetic obesity
- How diet influences metabolic processes
- Building and maintaining a successful Obesity Medicine practice
- Improving communication about obesity with patients, payers, colleagues, and referring physicians

Education to optimize your care of adult, adolescent, and pediatric patients with obesity

Register at Obesity.HMSCME.com

MASSACHUSETTS
GENERAL HOSPITAL

HARVARD MEDICAL SCHOOL

Register online at Obesity.HMSCME.com

Course #732072-1802	Tuition	Register on or before April 15, 2018
Treating Obesity 2018 (June 14-16)	\$1075	\$975 (Save \$100)
Obesity Medicine Board Review (June 13)	\$495	\$445 (Save \$50)
Treating Obesity 2018 and Obesity Medicine Board Review (June 13-16)	\$1,395	\$1,245 (Save \$150)

Tuition includes your choice of 26 workshops, breakfast each morning, morning and afternoon coffee breaks, a course reception on the evening of Thursday, June 14, and evening programming on both Wednesday, June 13 and Friday, June 15. All attendees will receive an electronic syllabus that includes all of the course materials for their chosen programs.

Registration for the Obesity Medicine Board Review includes printed materials of the one-day course. Attendees of Treating Obesity 2018 can purchase a printed copy of the course syllabus at the time of online registration for \$75, or on site at the course for \$125.

REGISTRATION, PAYMENT, CONFIRMATION, and REFUND POLICY

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website at Obesity.HMSCME.com.

At the end of the registration process, a \$5 non-refundable processing fee will be added to your registration, and you will have the choice of paying by check or credit card (Visa, MasterCard, or American Express). If you are paying by check (draft on a United States bank), the online registration system will provide you with instructions and a printable form for remitting your course fees by check. Postal, telephone, fax, and cash-payment registrations are not accepted. All fees shown in USD.

Upon receipt of your paid registration, an email confirmation from the HMS GCE office will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. Refunds, less an administrative fee of \$75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by email. No refund will be issued should cancellation occur less than two weeks prior. "No shows" are subject to the full course fee and no refunds will be issued once the conference has started.
